

# UCP Preschool

**Now Enrolling  
for Fall '08**

## **Looking for a 5-year-old Class?**

### **A class just for 5-Year-Olds!**

- Not every child who is kindergarten age is kindergarten ready, and some 4-year-olds turn 5 just short of the kindergarten cut-off date. In both cases, 5-year-olds have different pre-kindergarten needs than provided for in 3 & 4-year-old classes. UCP offers a class just for 5-year olds.
- The 5-year-old class is NOT just another year of preschool! Your child will learn with other 5-year-olds in a unique and challenging learning environment to advance him/her to the level needed to begin kindergarten successfully.
- Our teachers use Project Construct Curriculum, approved by Missouri Department of Elementary and Secondary Education. UCP 5-year-olds play with purpose and learn while having fun.
- Low student/teacher ratios allow individual attention for each student.
- UCP staff is exceptional. Teachers are qualified and experienced. Highly trained, pediatric therapists are on site for eligible children.
- Every child is welcome. Openings are filled on first-come, first-served basis.

**UCP has offered quality children's programs for over 40 years.  
We know children and child development!**

#### **5-Year-Old Class meets Afternoons 12:30-3:30**

(12 children; 1 teacher/1 assistant)

#### **Tuition**

- 4 days per week: \$150 per month

##### **Afternoon (12:30-3:30)**

**Age 4** Preschool (12 children; 1 teacher/2 assistants)

#### **With Project Construct Curriculum, UCP**

- Uses children's interests to motivate and engage learning
- Encourages children to cooperate and work together
- Allows children to take initiative, express opinions and make choices
- Continually assesses each child's development within the social, cognitive, communication and physical domains to include pre-literacy and pre-writing skills
- Is aligned with Missouri's Pre-K and Show-Me standards.
